Route out of Lockdown – Phase 4

Monday 19th July sees England enter phase 4 of the return from lockdown, whilst this removes practically all legal constraints that we have been working under we must continue to be mindful of protecting each other by proceeding with caution. Within each section we will provide guidance on what you can do to help protect yourself, other club users and our team.

Golf

- Groups can revert to a more traditional format, this can include the exchange of cards.
- The raisers in the hole cups will be removed and once again you will be permitted to remove the flag.
- Ball washers will be back in use.
- Rakes will return to bunkers.

How can you help protect each other?

- Conduct draws outside where possible
- Continue to do draws in advance and circulate details via WhatsApp if this works for your group
- Wash or sanitise hands regularly before and during play
- Putt with the flag in if possible

Clubhouse

- Hand sanitisers will remain at the entrance to the clubhouse/shop. T
- Track and Trace remains recommended therefore we will still be asking members & visitors to sign in using the NHS track & Trace App or sign the Covid manual registration book in the clubhouse. Retail staff will continue to ask for the contact details of members guests and visitors to the club
- All limits on number permitted inside will be lifted, this will allow tables of more than 6 and for larger functions to take place.
- Table service is no longer mandatory and we will revert to all orders for food & beverage being placed by the customer at the bar service point.

How can you help protect each other?

- Continue to wear a facemask when in busy inside areas, although not mandatory
- Wash or sanitise hand regularly
- Do not use the clubhouse facilities if you are feeling unwell or showing any covid related symptoms

Our Team

We will continue to put the safety of our team and that of club users as a priority and the following measures will be in place;

- Perspex screens will remain in place in front of tills in the pro shop
- Club employees will have the option of continuing to wear masks whilst on duty
- All club employees are encouraged to take regular lateral flow test at home
- Routine cleaning and sanitising will continue of regular contact points

Whilst this is a big step forward it is recognised that this situation is far from over.

We are already experiencing how easily we can see large reductions in staff numbers due to the need to self-isolate and to ensure the continued smooth running of the operation we must remain cautious so not to see repeats of this which could result in temporary closure or reduced service levels in parts of the Club.

Once again we appreciate your support with following the guidance over the past 15 months and trust that you will continue to act in a socially responsible way when using the club facilities.
